

Hepatitis Delta Nurse Educator Program*

We will connect your patient with a Nurse Educator who can offer medication administration training.

Hepatitis Delta Nurse Educator Program offerings include:

- A Nurse Educator to support your patient as they get started on their journey
- In-person or virtual Nurse Educator support for injection training

Nurse Educator Program*

HAVE QUESTIONS?

1-855-7-MYPATH

(1-855-769-7284) option 5,
Monday through Friday, 9 AM – 8 PM, ET

Multilingual help is available.

The patient can notify the Nurse Educator if non-English assistance is needed

To enroll in the Hepatitis Delta Nurse Educator Program, your patient should call **1-855-7-MYPATH** (1-855-769-7284) option 5. Nurse Educators cannot provide medical advice or in-office medication administration training. Your patient should speak to their healthcare provider if they have any questions about their prescribed Gilead medication.

*Nurse Educators cannot provide medical advice or in-office medication administration training.

Questions about what your patient can expect?

We're here to help. Below are some frequently asked questions:

Q: What can my patient expect after they enroll in the Nurse Educator Program?

A: Once enrolled, a Nurse Educator will:

- Work with your patient or their pharmacy to understand when the first shipment will arrive
- Schedule the administration training once their medication has arrived
- Follow up to ensure your patient remains comfortable preparing and injecting their medication after administration training has occurred

Additional training sessions are available, should your patient need them.

Q: What support can the Nurse Educator provide my patient?

A: Once your patient is enrolled, Nurse Educators will provide them with:

- In-person or virtual medication administration training
- Follow-up calls to check in on how their injections are going

*Nurse Educators cannot provide medical advice or in-office medication administration training.
